

DIRECTIVE 2002/96/EC OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL on Waste Electrical and Electronic Equipment (WEEE)

January 2011

In answer to questions regarding Crydom's activities relative to the WEEE Directive, we can state that:

Crydom is fully aware of the WEEE directive that came into force in January 2007, we understand its objectives and its scope.

Additionally after careful review of the legislation, specifically Regulation 2002/96/EC, Article 3 (a), Annex 1A and Annex 1B, it is Crydom's understanding that the products Crydom sells do not fall within the scope of this directive and are therefore exempt.

We remain at your disposal for further question you may have.

Bryan Bixby

Vice President, Engineering
